how to set up  
**PAYQUICKER**

GETTING STARTED GUIDE  
2018

# PayQuicker

We do all of our commission payments through a third-party online banking service.

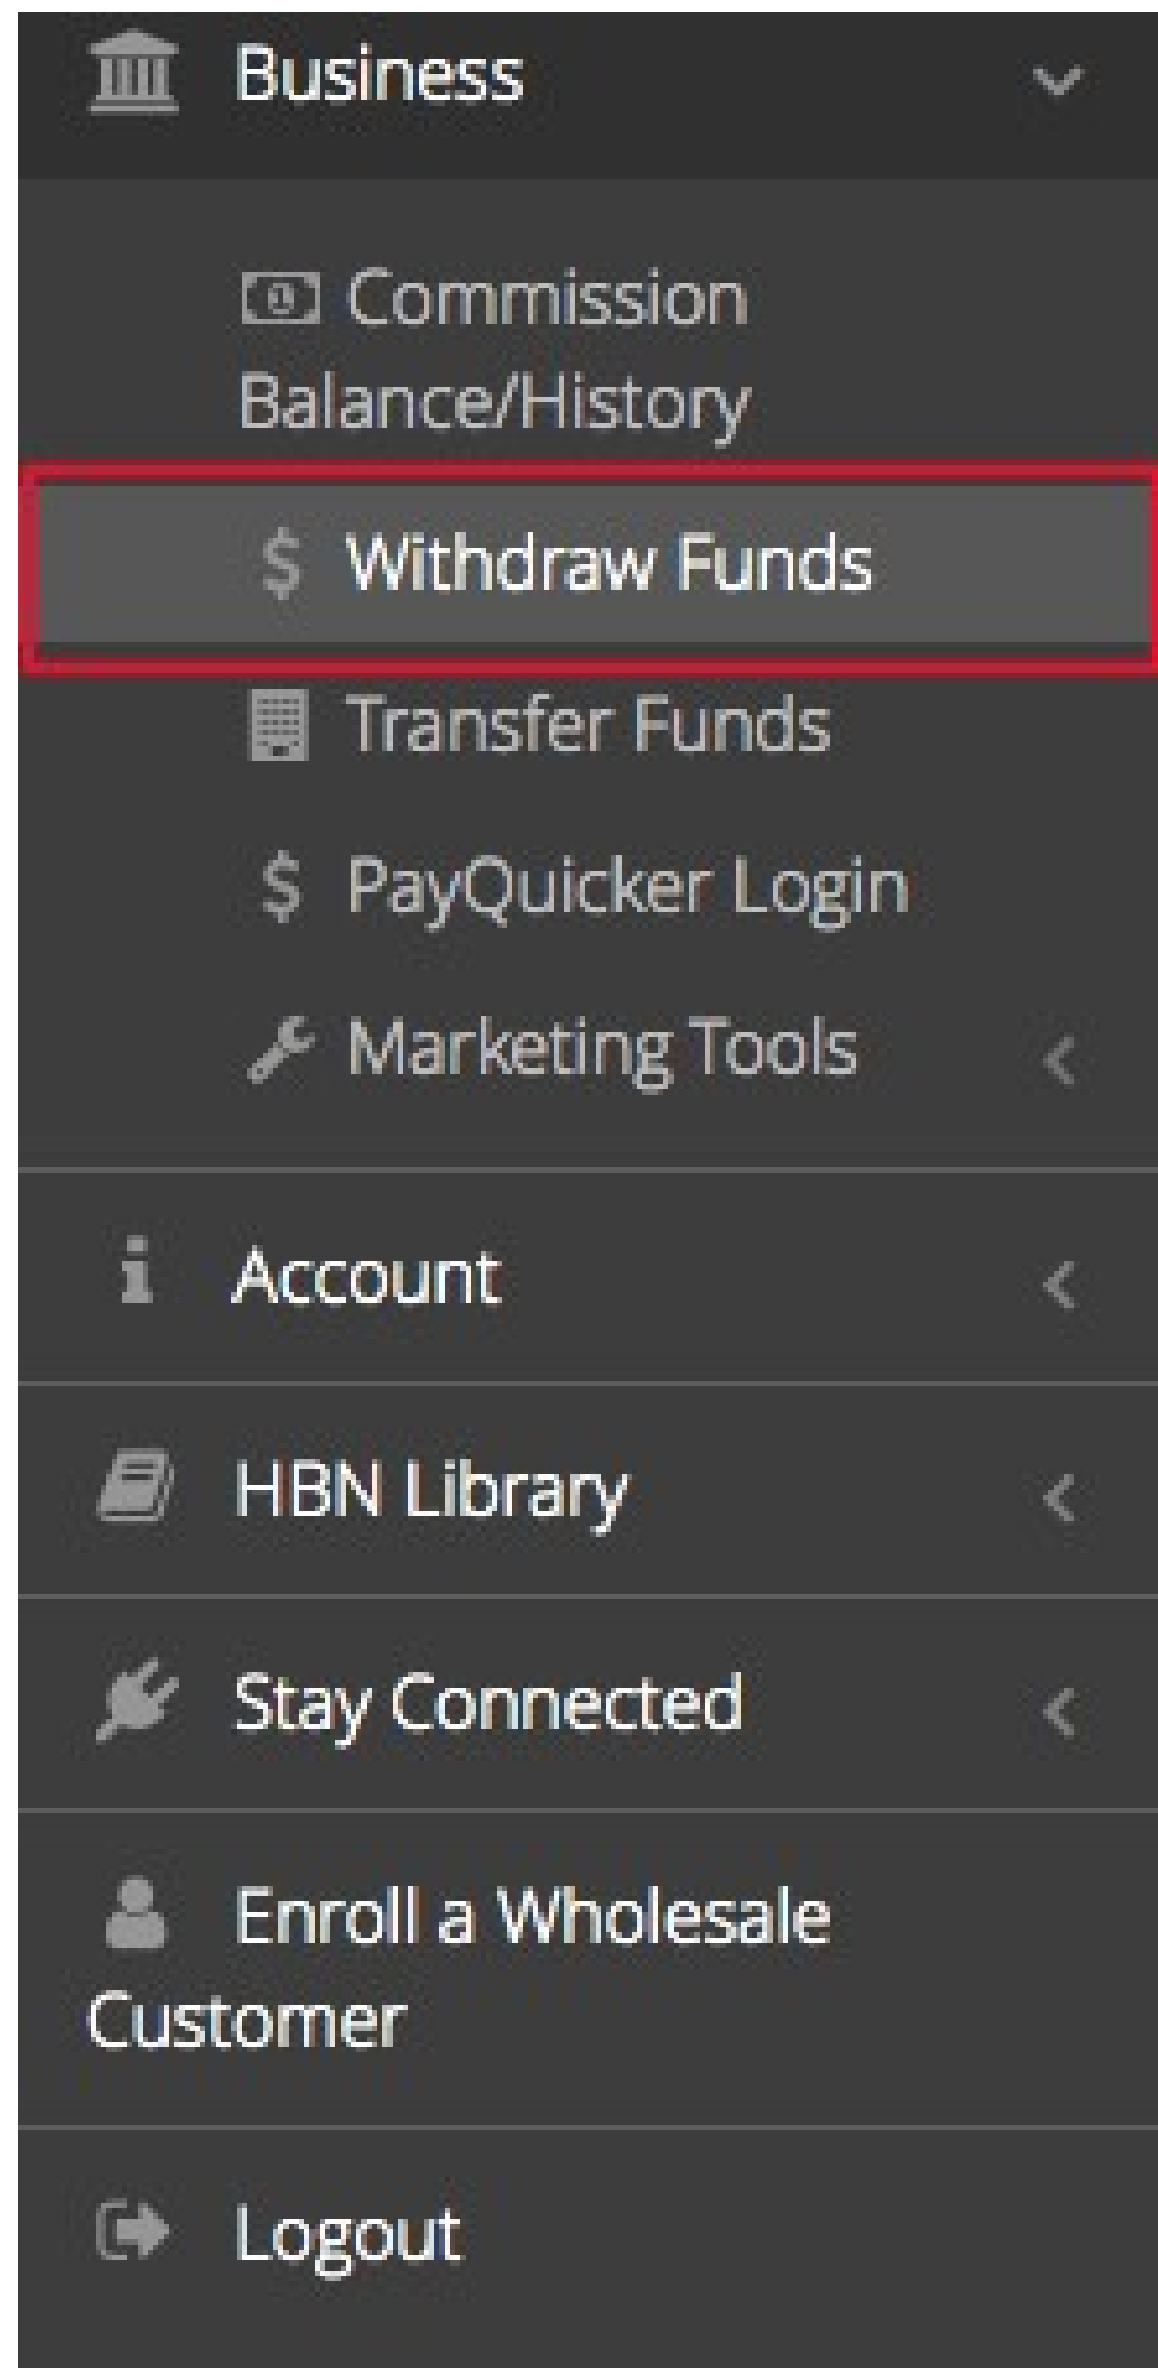

Once you have your third-party online banking service account set up, you can choose to direct deposit your earnings, get a debit card (FREE of charge to you), or even get a check mailed to yourself.

You get to choose how you would like to receive your money.

Once you have commissions in your account balance, your first withdrawal request will trigger your third-party online banking service account creation.

Once you have commissions, request a withdrawal through your Back Office.

**The withdrawal request will trigger an email to be sent to you to set up your Green Organics account through our third-party online banking service.**

---

Request Amount:  \$10.00 Minimum

Payment Method:  ▼

Tax-ID:

[Request Funds](#)

Please note that PayQuicker transfers can take up to three (3) days.

**US Residents:** 1099 Tax forms will be reported in the name listed on your account. Changing the name will not change your tax reporting.

When requesting funds, please note there is a \$2.00 withdrawal fee for each transaction. The minimum amount for any single withdrawal is \$3.00.

**Example:** You have an account balance of \$30. Your withdrawal request must be for only \$28.00 so the \$2.00 service fee is covered.

Payment received from Green Organics LLC

Welcome!

You received a payment of from Green Organics LLC

To access your payment(s), please set up your Green Organics LLC account using the following link.

[Create New User Account](#)

When you receive the email from our third-party online banking service, it will look like this. Click “Create New User Account” and follow the process. Remember to verify your account with a separate email they will send after the initial setup of the account. Once you create your account you will be able to login to the third-party online banking service directly from your HBN Back Office.

This is where you would login through your HBN Back Office once your third-party online banking service account has been created. Enter your third-party online banking service login information, not your HBN login information.

From there, you can then decide what you would like to do with your funds. You can also order a debit card to be sent to you if you so choose.

Once you have your debit card, all funds in your third-party online banking service account will be immediately accessible on the card. If you would like a direct deposit or paper check, you will need to login to your third-party online banking service account to specify that preference.
