

## TIMING

Mind, Body & Soul are Alexandria Brighton's original Healing Trilogy products. Don't know who Alexandria Brighton is? She is the most gifted natural healer that we've ever known. She is a master herbalist, French medical aromatherapist, formulator, educator, and owner of the Brighton Institute of Botanical Studies.

Imagine being the first in your area to share the Healing Trilogy! The best time to become involved is now. How many people have wished they were the first to bring a product into their area? Being the first to market a new product has tremendous advantages.

The perfect timing is now, just before momentum occurs. This is one of the main reasons why many succeed – timing.
