

Minimum Income Guarantee (MIG)

The Minimum Income Guarantee (MIG) Bonus is another first in the Direct Selling industry! We guarantee that when you meet specific rank levels and Personal Group Volume (PGV) sales amounts that you will earn a Minimum Income Guaranteed (MIG) that month.

1. The MIG Bonus pays you the difference between your combined compensation and the MIG for your qualified rank and PGV that month. If your compensation is greater than the MIG no bonus is paid.

Example: If you have the Executive MIG qualifiers (rank and PGV) met at the close of October, and your total compensation during October is \$420.00, your MIG Bonus would be \$80.00, the difference between your MIG of \$500.00 and your earned compensation of \$420.00.

2. The MIG Bonus is paid on the 10th of the month following the first complete calendar month after you achieve the MIG qualified rank.

Example: You achieve the MIG qualified rank of Platinum on January 10th. The first complete calendar month following your promotion is February. As long as you continue to be qualified at Platinum or above and meet the required PGV in February, your first bonus will be paid on March 10th.

3. All MIG Bonuses are paid monthly. MIG amounts are as follows:
