Belly Detox

Irregular bowel movements are one indication that your colon may not be working optimally. Irregular bowel movements and/or chronic constipation may lead to a condition known as leaky gut. Irritation and inflammation in the lining of the intestines caused by stool build-up leads to undigested food particles and toxins entering the bloodstream. This can lead to a variety of other conditions throughout the body.

The Real Detox Tea supports your body's natural detoxification process as it helps regulate bowel movements and improve colon function. This allows the body to more readily absorb nutrients from food and supplements, which may decrease over-eating and greatly reduce unhealthy cravings.

- Step 1:** Drink The Real Detox tea twice per day.
- Step 2:** Drink Purge Tonic twice per day.
- Step 3:** Drink 2 drops of Ease twice per day.
- Step 4:** Massage 2 drops of Ease over the colon area of the abdomen.

product summary

Approximately 3.5 billion people worldwide suffer from parasitic infections, making them the most prevalent type of infection. And sadly, most people who are infected by parasites don't even know it because many of the parasites you are likely to be infected with are microscopic.*

If you suffer from gas, bloating, constipation, diarrhea, or other digestive issues, your body could be inundated with parasites and other toxins. Intestinal parasites can enter the body in a variety of ways including eating raw or undercooked meat, contact with pets or other animals who are infected, drinking contaminated water, and swimming in lakes, rivers, or streams. Left untreated, parasitic infections can expand and lead to other health issues like chronic fatigue, brain fog, and weakened immunity.*

Purge Tonic is a blend of herbs formulated to support the body in gentle cleansing. Convenient to use, Purge Tonic is water soluble for rapid and efficient absorption. Along with detoxing parasitic organisms, Purge Tonic may improve digestion, increase energy and mental clarity, and support a healthy immune system.*
