suggested use

- Wet bar and rub directly onto hair and body, or rub on hands or a washcloth and apply lather to hair & body. Gently cleanse your body from head to toe. Rinse well; rinse hair with apple cider vinegar if desired.
- **Hair Technique #1:** Begin with thoroughly wet hair. Gently rub the wet shampoo bar directly onto your hair from scalp to ends in a combing motion. Gently massage scalp and hair, adding more water as needed, until a good lather forms. To prevent tangles, be sure to always work from the top down, don't pile your hair on your head, and use your fingers like a comb not a mixer. Rinse, rinse, rinse! Repeat if necessary. Rinse with apple cider vinegar if desired.
- **Hair Technique #2:** Begin with thoroughly wet hair. Rub the wet shampoo bar between your wet hands to create a nice lather. Use your fingers like a comb and smooth the lather along the hair. Gently massage it into the scalp and hair, as you would with a bottled shampoo. Work up a good lather. Rinse, rinse, rinse! Repeat if necessary. Rinse with apple cider vinegar if desired.
