product summary

This blend was specifically formulated with Essential Oils known for their antibacterial, antiviral, and immune-stimulant properties. At the same time, it's gentle, non-toxic, and appropriate for long-term daily use.*

ingredient highlights

- **Eucalyptus Radiata:** Primarily an essential oil for the respiratory system, it has good anti-catarhal properties. It is a powerful expectorant and works well to thin mucus.*
- **Tea Tree:** Unlike antibiotics, Tea Tree has been shown to not kill germs indiscriminately, but to identify and kill the destructive bacteria while leaving the friendly bacteria needed to stay healthy.*
- **Ravintsara:** One of the most versatile and indispensable essential oils; there is little it can't do. Potent, yet safe and gentle. The chemical composition of Ravintsara is simple, and without any specific compound that makes its smell.*

USES

- Roll onto the soles of your child's feet in the morning and again at bedtime. If your child has contracted a cold or flu, you can reapply 4 to 6 times a day until they are well.*
