product summary

Black Seed (*Nigella Sativa*) is a traditional herb that has been used for centuries to promote health and general well-being.

Also known as Black Cumin, Black Caraway, or the "Blessed Seed", Black Seed has a rich and diverse chemical composition containing the phytochemicals thymoquinone and crystalline nigellone, antioxidants, amino acids, proteins, carbohydrates, essential fatty acids, and minerals like calcium, iron, and potassium.*

Since 1959, over 500 peer-reviewed studies at international universities and untold journal articles have been published on this multi-faceted herb, and many of Black Seed's components are still being discovered and researched.*

Millions of people in Asia, the Middle East, Eastern Europe, and Africa have used Black Seed for thousands of years to support the body with a variety of concerns like respiratory health, stomach and intestinal complaints, circulatory and immune system support, and skin conditions.*

Black Seed may support metabolism and improve digestion, and published studies have shown that it may have a healthy effect on blood sugar levels.*

Thymoquinone, the chief bioactive constituent in Black Seed, holds promising pharmacological properties against several diseases. It exhibits outstanding antioxidant, anti-inflammatory, anticancer, and other important biological activities.*

Fulvic Acid Mineral Drops

essential biominerals 4 ounce & 1 ounce

HBNaturals
PRODUCT INFORMATION PAGE

ingredients

Humic & Fulvic Acids including natural plant-based macro and trace ionic minerals, Electrolytes (Potassium Carbonate, Potassium Bicarbonate, Magnesium Sulfate)

Other Ingredients: Reverse Osmosis Purified Water

responsible cautions

- Consult with a physician before use if you have a serious medical condition or use prescription medications.
- A doctor's advice should be sought before using this and any supplemental dietary product.

product summary

A naturally occurring organic compound, Fulvic Acid is created when beneficial microbes work on decomposing plants in soil that has adequate oxygen. It is one of the best natural electrolytes known to man, and has been found to be an essential component in the metabolic process of living cells.*

When fulvic acid converts inorganic metallic and rock-form minerals into a biologically active form, fulvic minerals are created. This process is millions of years old and began with the decay of huge prehistoric plants. Their decomposition deposited minerals into the soil, which fed the growth of new plants. For centuries this cycle has repeated itself, creating large deposits of humic and fulvic minerals preserved due to their specific geographic locations. Many of these prehistoric deposits are now being used to improve the health and overall wellness of modern man.*

Not yet very well known or fully understood by much of the scientific and medical community, fulvic and humic acids have not been able to be synthesized in a lab or clearly defined, due in large part to their extremely complex natural composition.*

Researchers have recently begun studying fulvic acid more closely, and have made some surprising discoveries. In addition to being an excellent natural electrolyte and essential to living cells in carrying on metabolic processes, fulvic acid is also a powerful antioxidant and has the unique ability to react with both negatively and positively charged unpaired electrons and render free radicals harmless. At the cellular level, fulvic acid can help correct cell imbalances, stimulate growth and repair, and support energy production.*

Containing a remarkable array of minerals, vitamins, amino acids, bio-chemicals, natural antibiotics and antivirals, antioxidants, enzymes, organic fungicides, and free-radical scavengers, our Fulvic Acid comes from one of the richest known sources of fulvic minerals in the world and is extracted using a cold process to preserve its nutrient-rich raw state.*

directions

- Shake well before use. Add 325 mg (1/8 teaspoon - approximately 20 drops) to non-chlorinated water or your favorite beverage once daily.*

KIDS WELLNESS

immune blend

product summary

This blend was specifically formulated with Essential Oils known for their antibacterial, antiviral, and immune-stimulant properties. At the same time, it's gentle, non-toxic, and appropriate for long-term daily use.*

ingredient highlights

- **Eucalyptus Radiata:** Primarily an essential oil for the respiratory system, it has good anti-catarrhal properties. It is a powerful expectorant and works well to thin mucus.*
- **Tea Tree:** Unlike antibiotics, Tea Tree has been shown to not kill germs indiscriminately, but to identify and kill the destructive bacteria while leaving the friendly bacteria needed to stay healthy.*
- **Ravintsara:** One of the most versatile and indispensable essential oils; there is little it can't do. Potent, yet safe and gentle. The chemical composition of Ravintsara is simple, and without any specific compound that makes its smell.*

uses

- Roll onto the soles of your child's feet in the morning and again at bedtime. If your child has contracted a cold or flu, you can reapply 4 to 6 times a day until they are well.*

product summary

The common cold and influenza have similar symptoms, and both are contagious respiratory infections. Although there is no cure for either a cold or the flu, easing some of the associated discomforts can help everyone during a child's illness.*

Kids Tri Remedy is a proprietary blend of Essential Oils that have been shown to assist and help support the body with colds, flu, and other viruses.*

ingredient highlights

- **Lavender, spike**, sometimes referred to as Spanish Lavender, is native to Spain, France, Italy, the Mediterranean region, and Northern Africa. It contains a greater percentage of camphor than regular Lavender, giving it stronger analgesic and expectorant properties. It is an excellent choice for easing headaches, muscle aches, pains, and the discomfort associated with arthritis.*
- **Ravintsara** is one of the most versatile and indispensable Essential Oils. It is known to be potent, yet safe and gentle. Ravintsara has been used for centuries in fighting infections.*
- **Rosemary ct. 1,8 cineole** is excellent with pulmonary congestion and respiratory conditions such as colds, flu, strep, bronchitis, and sinusitis. Its stimulating and uplifting properties are of added benefit when dealing with asthma or other respiratory issues involving a nervous or emotional component.*
- **Eucalyptus Radiata** is primarily an Essential Oil for the respiratory system. It is a powerful expectorant and mucolytic with good ability for fluidification. It is gentle yet effective for respiratory problems and is easily tolerated by children.*

USES

- Apply neat (undiluted) to the soles of feet, starting at 18 months of age, at the first sign of symptoms.*
